Professor H. M. Price,

University of Toronto.

Dear Professor Price:

In answer to your letter of April 4th I may say that my Military Committee is of opinion that Mr. Wright of whom you write has such qualifications that he should be given a chance before anybody else is placed over him in command of our University Battery. I think, however, that this must be done on Mr. Wright's own merits. It would be unfortunate if the idea were to get abroad that members of the staff in the University are to keep such appointments primarily for themselves and that the graduates of the University would in any way be overlooked. We must endeavour to avoid such a division of interests as might thereby be created.

With kind regards, I am,

Yours sincerely,

President.
